

DIRECTIONS TO CASAS QUEMADAS

Follow main coastal road from airport North towards Corralejo.

On the outskirts of corralejo you will come through the sand dunes. The road veers slightly to the left on entering the first part of Corralejo; follow this road and at the first roundabout take the second exit. Follow dual carriageway to next roundabout. Take second exit. Follow again to the 3rd roundabout. Take the second exit again (football pitch now on your left!). at the 4th roundabout take the first exit. You have a good view over Corralejo and towards Lanzarote and you will see you are driving around the town. You are on the main ring road now. Follow this road to the end where it curves around to the right (by the Hesperia Bristol Playa). After the curve take the first road on the left... this is CALLE EL CHARCO. Casas Quemadas is number 4, second building on the right.

You always need to ring in from the airport so that someone can meet you at the complex.
