

Dear All,

After a long time we have finally managed to get a new website up and running and so here is our latest newsletter to mark that occasion. We have made changes to the web page with lots of new information and pictures, the biggest change has to be the new layout and colours, we got bored of the yellow and have gone for a deep sea blue.
Have a look at: <http://www.flagbeach.com>

The most important bit of news has to be that we celebrate our 20th anniversary this year, 20 years!! It seems like a lifetime and to think that I have spent 70% of that time on the beach looking at that wonderful view!!

Our team gets bigger each year as we are always trying to improve the services we have to offer so I will cover all the new things very briefly and leave it to you to enjoy our new home page.

We have lots of different packages for all levels of windsurfing, kitesurfing and surfing whereby you can book your whole stay with us; all you would need to do is buy the flights. For more information go to: <http://www.flagbeach.com/KiteSurfingPackages.php>

The Surf school is booming and we now have 3 Landrover's which we use to get to those off the beaten track places. The new sport for this summer season is Stand Up Paddle (SUP). We are the 1st centre on Fuerteventura to offer this (as we were with kitesurfing back in 1999) and we have 4 Mistral Pacific boards for anyone wanting to give it a go. We will be offering SUP courses in the winter months when there is less wind.

We have started to offer additional material breakage insurance as of the 1st April 2008 and this is for any gear used at Flag Beach and we are looking at ways of covering gear that is taken away, this should come as a welcome relief for anyone who has broken material in the past.

We also have special discounts for group bookings, military personnel, armed forces and emergency services, contact us for more info.

Don't forget that at the end of the season we are selling off all the old stock especially boards which start at 250 Euros. We have also opened a shop in the town centre with a Flag Beach clothing range along with spare parts for kites, windsurfing and surfing boards.
Have a look at: <http://www.flagbeach.com/WindsurfingShop.php>

On a final note this year Flag Beach has entered a team to the Tres Islas event. This involves a 2km swim, 2km climb/run, 70km cycle and a 10km windsurf. It starts on the island north of Lanzarote, Graciosa and finishes in Corralejo. It goes without saying that we plan to win this event. We will be posting in a few weeks the full report on the website along with photos and the result. More information can be found at: <http://www.lastresislas.com>

I hope to see many of you back here this summer for our 20th anniversary celebrations

Ben
